Judge Kittrell Held First Session of Sixty-First District Court.

MOTION DOCKETS CALLED TODAY

Capt. Robertson Discharged in Contempt Proceedings-Cited to Appear Again on Same Charge-Other Courts.

The quarters for the new Sixty-first district court are now being arranged. The carpenters started to work yesterday afterneon. They will put in a partition, making two court rooms out of the one heretothre occupied by Judge W. P. Hambien's court. It will probably take them two wreks to finish the work.

Judge Charles E. Ashe will call the motion docket this morning at 10 o'clock. He will also hear demuders and questions of law in jury cases. The motion docket will also be called by Judge W. P. Hamblen

John Warren, Sr., et al, which has been fore Judge Charles E. Ashe, was taken un- CHAS. DIXON IS WANTED BY FORT UNIDENTIFIED, OTHER THAN NAME

Judge Norman G. Kittrell, judge of the sion yesterday morning in the county court room.

then Norman G. Kittrell, judge presiding;

Lyon information received in a letter from Chief of Police William M. Rea at the foot of Sixth street, near the useharged from custody.

Upon information received in a letter from the dentity of a body picked up yesterday after-from the useharged from custody.

Considerable doubt exists as to the identity of a body picked up yesterday after-from the useharged from custody.

at Oakdale, La., by the Industrial and the increase in capital stock of that concern to \$1,000,000, the new purchasers being al-

ders now being made in their name. The sale was consummated between Captain George Lock of the Oskdale Lumber company and the Calcasien River Lumber company. Mr. Park says that these plants is addition to those already owned and contested by the Industrial, will give them an annual output of 100,000,000 feet of lumber and that the trade is already equal to the output. The former capitalization of the company was \$200,000 and it will be now raised just as quickly as is possible to \$1,000,000 by the doubling process.

A DAY IN THE COURTS : AN ACREE WENTER AN AGREEMENT REACHED.

Conference Between City and County Authorities Resulted in Amicable Agreement.

Another colored smallpox victim spent several hours at the city hall yesterday and the officials of the city who are compelled to do their work in the large open ball are determined that the offense shall not be repeated. An agreement will likely he reached today between the city and county which will set at rest the question that has been at issue for the last several weeks. While there is no epidemic of smallpox in the city, nor any probability of one, the city being practically free from the disease, yet it is the desire of the authorities to make arrangements to take care of the transient cases that from time to time appear within the city.

After the diseased negro was discovered in the city hall yesterday, a conference was called in which Mayor Helt, Dr. Brumby, city health officer; Dr. Hamil. ton, county physician, and the bospital committee of the city council participates. County Judge Dupres was also called into the conference and it was decided that the city and county should divide the expense incident to the maintenance of the pesthouse. The only question that is left open, and one that will be settled today or tomorrow. Is the proportion of expense that is to be borne by each of the

Mayor Holt insisted that it was not just to the city to force upon it all of the smallper cases that are sent to the posthouse since the statistics of the health office prove conclusively that the major portion of the cases treated there in the past have been those of nonresidents in whom the county has as much interest as the city. Judge Dupree is disposed to be fair in the matter and an amicable adjustment is now assured.

> To the Editor of the Chronicle. Houston, Texas, February 20, I do no think that it is within the proper province of a newspaper to purposely misrepresent the attitude of any children on a question of public interest, as has been done in your lasue of yesterday. In that paper you charge that the opposition to the new city charter comes only from those who are opposed to the "Front administration." But for the fact that my name has been published in the press in connection with a visit to Austin to urge the legislature not to pass the proposed charter, as it now stands. I probably would not notice your wholesals indexceptementation of those who are merely exercising the privilege of any American citizen in taking one side or the other on a question of vital importance to the public. It seems that the so-called journalism of today has degenerated from the high plane that formerly characterized the pross before it became so thoroughly imbued with the "commercialism" of the present; and that now it seems to be the idea that a citizen must not entertain an opinion of his own unless he wants to be held up to the public in fairs colors.
>
> I want to say right here that I not only voted for the "Holt administration" but I spent my own money and time and used my influence to get my friends to vote for it. I am also well pleased with everything that the "Holt administration" has done, except this charter, and I take it that I have the right of every American citizen to oppose it because it is undesinerate and seeking to concentrate the power in the hands of the mayer and is undertaking to extend the city limits of the city without the consent of the people that are affected.
>
> E. T. Hogan. harge that the opposition to the new city
